Sounds like rebecca palsha will be their gal in Juneau during session. Could u make sure she gets an invite to Gov's House bbq on Wednesday, 5pm, we'll sign a couple of bills there at that time while we're welcoming lawmakers back for sp session. They'll be doing live 5, 6, and 10pm newscasts - they're welcome to do the live at the mansion that evening. Thanks

Message:I am disappointed in the thought you would consider cutting any part of the capitol budget. At a time when there are record oil prices the state has tons of excess money. Cuts makes no sense to me.

The legislators put money aside and there is still money to help projects around the state. In the 80's when the treasury was hurting I could understand hard to swallow cuts but NOW is our chance to catch up. From villages who have been neglected to Anchorage the corner stone of the state the needs are great. When I voted for you I thought you were the people's governor but what I have seen is no different than Frank. Just a different power ego.

Governor - We can put off the Sen. Stevens meeting to another day this week. I just called his office and he would like to meet on his Vetoed Projects especially the $4 Million Kodiak School. I will then drop the Appropriations Meeting to 4:00 p.m. to give you breathing room. That will be all for Tuesday. Thanks, Janice

I had not counted on immediately meeting. What is Stevens' issue - don't plan on mtg without knowing what his beef is first

My name is Andromeda Romano-Lax. I'm an Alaska-based writer working on a publication about the Tongass National Forest, with the cooperation of the Forest Service. It will be published by Alaska Geographic.

I am hoping to include a large section of stand-alone quotes from a select number of Southeast Alaska residents about their current feelings about -- and hopes for -- the future of the Tongass National Forest. Would Governor Palin be willing to comment on the following two questions?

1. What does the Tongass mean to you?

2. What do you see as the future of the Tongass?

I realize one could write entire essays on the subject, but a sentence or two will work best in this context. Thanks in advance for your time.

Web mail from: Mr. Kevin Gray

address: 9305 N Linda Lane Willow AK 99688

MESSAGE:

Hello Governor:

I am normally in agreement with your guiding principle regarding the size of the State of Alaska's government and its budget. However, one of your veto's this year took me by surprise. You vetoed approximately $1M to work on the roads in the Nancy Lake area (specfically Kime Lane, Erica Lane, Amy and Linda Lane), and to bring them up to Matsu Standards. Every supervisory entity including the MatSu area road boards, the Borough itself, and the State had placed a high emphasis on the necessity for this project.

Everyone in the area was very upset, and frankly, taken aback by this veto. The area has been neglected time and time again with respect to fixing these roads, and we felt that we had gained some traction finally with the Road Board, and the Borough and the State. We followed all of the rules and processes, and yet, in the end, once again our roads are neglected, shoddy, and some of the worst in the area.

With the State bringing in Billions of dollars with the current price of oil, it seems to me that a portion of these funds should be spent statewide upon Education and Infrastructure while we can. I also believe very deeply in saving for the future (ie. placing money in the permanent fund). But it seems to me that a guiding principle of lowering the State's budget should be focused upon the recurring expenses of the State, and not one-time improvement projects such as this one that is badly needed.

Please consider replacing this budget item (Item # 274, Commerce, House District 15).

Sincerely,

Kevin Gray

Constituent

Subject: Select Benefits Members | Open Enrollment May 19 - June 6, 2008

This email is intended for employees who are covered by the

State of Alaska's Select Benefits Plan.

If you have received this in error, please disregard.

Open Enrollment for the State of Alaska's Select Benefits Plan begins today—Monday, May 19, and ends Friday, June 6, 2008, at 5:00 p.m. Alaska Time.

This email provides links to the information you need to know about open enrollment and changes <http://www.state.ak.us/drb/news/oe-2008.shtml> for the upcoming benefit year, effective July 1, 2008, and provides sources for additional information.

What's new for July 1, 2008—

* Premiums <http://www.state.ak.us/drb/news/oe-2008.shtml> —All medical plan premiums increased this year. Premiums for death and disability plans decreased this year.

* Benefit Credits <http://www.state.ak.us/drb/news/oe-2008.shtml> —At this time, some benefit credits have not been determined due to pending collective bargaining. Please refer to the 2008-2009 Benefit Credits <http://www.state.ak.us/drb/ghlb/2008-2009-benefit-credits.shtml> web page posted on the 2008 Open Enrollment page.

* Well Baby Care <http://www.state.ak.us/local/akpages/ADMIN/news_archives/PR080303_WellBaby.shtml> —Beginning July 1, 2008, the State of Alaska will begin covering "well baby" exams, which include preventive health care and early detection for newborns to toddlers age 24 months using the American Academy of Pediatrics guidelines.

Don't Delay—Enroll Today

Great News!!!

Your Open Enrollment materials are available online.

You do not need to wait for your enrollment packet to arrive in the mail!!! Once you log onto Member Services by clicking "My Account Info <https://www2.retben.state.ak.us/MemberServices/SignOn.asp> " and following the instructions below, you can view your personal information, including your Personal Fact Sheet, Enrollment Guides, benefit credits, premiums, etc. Remember your information is just a click away.

Instructions: Go to www.state.ak.us/drb. Click on "My Account Info <https://www2.retben.state.ak.us/MemberServices/SignOn.asp> " and log on. Click on the Insurance Coverage link to view your Personal Fact Sheet.

Enroll

at

Honorable Governor Palin

PO Box 110001

Juneau, AK 99811

Honorable Governor Palin,

Let me preface my comments by offering congratulation on the birth of your baby. May

you and your family enjoy every day with this new life.

Today I write in support of Ketchikan General Hospital's Surgical Suite expansion and renovation project as requested by the City of Ketchikan,Äôs recent request for Legislative funding. I am currently a hospital employee and I serve the Regional Executive Team here. As an employee I have had the privilege of serving the hospital since 1993. Through those years, we have had many fine surgeons and have saved many a life through the dedicated efforts and expertise of the clinical team here. The essential update to our Surgical Suite (operating room and support areas) is necessary to continue to provide quality care, retain and recruit surgeons, but most importantly to continue to adequately care for our patients.

I believe that the City's request fits nicely into your priorities for capital projects that support the health and safety of our Alaskan communities. I am hopeful that you will include our project in your final budget.

Sincerely,

Barb Bigelow

Director, Ketchikan General Hospital

Quality Services Departmeht

Message:This will seem like an odd letter seeking your positive consideration, but I have to admit, it's really several emails all rolled into one.

First, congratulations on the addition to your family, and your continued example of someone who exhibits joy in living up to their personal ideals. The whole process is a great story, and makes us all proud as Alaskans that you live here.

Second, I have to say that I'm among those that did not vote for you in the election. Frankly.....and that's something of a pun....I doubt I could have voted for any Republican in this state until the party cleans up itself internally. It was not crystal clear during the election if that was your real goal, or if it was all part of realigning party politics, so I would have had a hard time voting for any Republican for governor.

But I was favorably impressed when you created a truly bi-partisan group of administrators. Despite the early smoke that was blown by detractors, it is clear you have an ethical group that is working on state goals rather than personal or party goals.

At the end of the legislative session in 2007, I experienced that pain of having $100,000 cut as you vetoed what are essentially "local earmarks", and while I desperately

wanted that money to complete a process we've been working on for years, I think you were right to do what you did, and I had to admit that I would have voted for you at that point, still, as your attempts to change the party and the way the state does business were apparent.

I was even more impressed this legislative season to see cross-partisan groups working together. I was stunned to see legislators engaged in real debate in public, on the floor and in committee sessions open to public view. To all of us that still believe in the process, it was very heartening.

I was impressed when you spoke to the NEA Delegate Assembly using words like "infrastructure" and "maintenance". Those are not the special programs and gifts that politicians use to get votes, and no public official ever got a plaque with their name on it for maintaining a building, but it is the good, solid foundation the educational system needs in order to do their best work day after day.

Not that things are perfect, but if someone had described where we would be today to me two years ago......I would have said, "Yeah, sure". I would not have imagined such a shift in such a short period of time. And while I'm sure you would be among the first to say that it is many people doing a lot of good work, you would be right, but it could not have come to pass without the leadership and direction that you have provided. Thank you for all you have done.

Which brings me around to the impetus for this email. I'm going to ask you not to veto, again, a Legislative Grant by Representative Lynn, but I'll say up front......I'll vote for you again even if you do.......but I really hope you do not.

The monies for Goldenview Middle School are for building infrastructure in order to make use of technology. PTSA has raised funds, we've taken donations of good, used computers, teachers have written grants, ASD Departments have contributed, such that every teacher now has an LCD projector in their classroom. It is a powerful teaching tool that has benefits to all levels of students, especially those with vision, hearing, or attention issues.

We are using the tools, and teachers are making the transition to being multi-media presenters, but.......

Our equipment is out on tables, cords run across the floor, equipment has to be pulled out of place and replaced when other classroom activities take place. This all serves to make the setup less reliable, and with your education connections, I suspect you know what happens when class plans might or might not work.

They money we're seeking would 1) ceiling mount projectors so they are out of harms way, and don't intrude on other uses of the classroom, and 2) do a professional installation of all wiring so that it is not a trip hazard, is more reliable, and is not routinely pulled apart and reassembled, and 3) complete the setups so that every teaching station has a SmartBoard, a computer, and a sound system to go along with the projector. Along with the purchase of some of the equipment, this involves electrical permitting and installation of brackets above the classroom ceiling.

These are things that are very hard to fundraise for, and I think also something that is not the responsibility of parents. While Goldenview (at 12 years old) still feels new, provision was not made for this during construction, and given the large number of older schools in Anchorage, it will be a long time before we come to the top of the priority list for a remodel. The amount needed to do this work is such that ASD would normally bond for it.

For two years, Mr. Lynn has made us a priority. I understand the desire to reduce these grants, but I will emphasize.....this is not icing. Cake, maybe. It is not aesthetics, but tools that go to the heart of preparing our students for the coming century. The school, parents, teachers and the District have all done significant work, but we need these grants to finish it out.

Please choose not to veto our funds again.

Thank you.

Message:Dear Governor Palin,

My name is Louisa Ortiz and I am a freshman at Ketchikan High School. This year I had the privilege of playing for the Lady Kings soccer team. Of course, I had a great experience, but I would also call it painful. I'm writing to you in support of a turf field in Ketchikan, because honestly, it is way overdue. I've been playing soccer since I was five years old, and every single year as the soccer season starts up, so do the torn up legs and arms. I love soccer, and I would never let having to deal with the gravel stop me from playing, but the truth is that the injuries my teammates and I sustain from falling and sliding on the rocky surface, often times causes us to miss some of the games we have in our short season. In soccer, the rule is: "no blood on the field!" Well, soccer is a contact sport, and sometimes this means ending up on the ground. Playing on a gravel field pretty much guarantees that for every fall there is going to be a bloody scrape, and time spent on the bench. My team and I are tired of coming home from practices and games with needless injuries. Their definitely a low point of an otherwise great game. We've spent all of our soccer careers envying Juneau's turf, and wishing we could magically fly up to play all of our games there. . But the real solution is to build a turf field for our selves. Just last weekend, we played a series of home games against Juneau and I really cut up both of my knees and hip badly. From experience, I would guess that the scars are going to last for a couple of months. If we had had a turf field here, maybe this wouldn't have happened. It's not this that I care about the most though. Like I've said, I've learned to deal with the blood. It's the fact that a turf field in Ketchikan would improve our program, and let us play, without worries, soccer with the intensity that we're capable of.

I admire the improvements you have made in our home state as Alaska's first female Governor, and I hope you give some serious thought to funding this needed project.

Sincerely,

Louisa Ortiz

As a resident of Bethel, I am encouraging you to support the $2million for the Bethel Regional Aquatic Training Center.

This center will improve the quality of life in rural Alaska. It can also provide a place to learn swimming and water safety and save lives.

We have increased out tax rate 20% to support this center. I would hope the state would provide some support also.

Thank you

Richard Robb

Yes, unless there are a few more things we can do in Anchorage office- I may need to touch base with a few staffers on some things... and some stuff is heating up with leggies' races (deadline for filing today) that I may be asked to comment on (and I'm happy to do so), including the GOP trying to enforce and old GOP bylaw - newly discovered - that prohibits anyone from running as an R if they haven't been registered for at least six months (linda menard switched from non-partisan to R more recently than six months... as have so many other past R candidates like Ralph Samuels was allowed to do)... it would be unprecendented to have that old bylaw enforced but I hear this is what lyda's son-in-law Tuckerman (former GOP chair) has up his sleeve to keep linda from running. Anyway- if asked to comment on it I will. (Remember the LAW that was changed for lyda, allowing her to run even though she's missed a deadline to file?! we have that legislation and the press reports on that issue.) I'll comment because this issue is big- it's about taking away an American's right to run for office (I don't care what party is involved in this).

Janice- pls note randy's availablility to attend Juneau event(s). Anna has offered also. Between you and Hannah and Tara Fradley (and Abbey), the list of upcoming events can be scoured and strategized around to make sure someone represents the office at these so we're not regretting as many... the exercise needs to be circulated so as many staffers/officials as possible know of the opportunities to touch base with constituents via acceptance of invites that continue to pour in.

I can jump out of the loop at this time and can wait to hear and see who's doing what throughout the state. Thanks

J- first, congrats on the boys state championship! Awesome job Bears!!!

I'm looking at sched for the days I'm in Juneau - there are a number of worthy events that Rhonda has commented on...since I can't make these rural-oriented events that week she is welcome and encouraged to go in my place. Pls make sure she's aware of the details of these invitations. There are so many events all over the state these summer months, I really want our office represented at as many events all around the state as possible, not just in Juneau and Anchorage.

For Rhonda's consideration this week to represent me, there's the Holy Cross event, the RurAL CAP event, Sealaska's event, and Chenega's event... plus others. Pls pass on to her.

Also, events like Friday's big VFW event- I won't be back for it in Anchorage but want to make sure someone is there representing me.

There are big events all over and I want to make sure we have someone at as many of them - esp the big ones - as possible.

Attending as many as poss allows us to touch base w many communities and constituents as we seek boards and commission members also, as we seek community priority input, etc. If I can't be there pls run these invites by the LtGov so he's given the opportunity to attend also. Thanks
